Re: New York Proton Regional Center
W09001860

Pursuant to Section 610 of the Appropriations Act of 1993, on May 10, 2010, Wendy Black submitted a proposal seeking approval and designation by U.S. Citizenship and Immigration Services (USCIS) of the New York Proton Regional Center.

Based on its review and analysis of your proposal and your response to the USCIS Request for Evidence, USCIS hereby designates New York Proton Regional Center as a Regional Center within the Immigrant Investor Pilot Program and approves the request as described below:

FOCUS OF INVESTMENT ACTIVITY:

As depicted in the economic model, the general proposal and the economic analysis, the Regional Center will engage in the following economic activities: debt funding of real estate development projects.

The Regional Center for EB-5 Immigrant purposes shall focus investments into new commercial enterprises in the following ten (10) target industry economic clusters:

1. NAICS 233 Non-residential Building Construction
2. NAICS 622 Hospitals (Proton Center Operations)
3. NAICS 5614 Business Support Services, including Telephone Call Centers
4. NAICS 5142 Data Processing Services
5. NAICS 5239 Other Financial Investment Activities
6. NAICS 5411 Legal Services
7. NAICS 5415 Computer Systems Design and Related Services
8. NAICS 5417 Scientific Research and Development

9. NAICS 5511 Management of Companies
10. NAICS 5611 Office Administrative Services

If any investment opportunities arise that are beyond the scope of the approved industry clusters, then an amendment would be required to add that cluster.

GEOGRAPHIC AREA:

The New York Proton Regional Center shall have a geographic scope of the New York Counties of Kings, Queens, New York, Bronx, Westchester, Suffolk and Nassau.

The geographic focus of this area may contain some High Unemployment Targeted Employment Areas (TEAs) as designated by the State of New York and rural TEAs, as defined in 8 CFR 204.6(e). Therefore, the minimum capital investment threshold for any individual immigrant investment into an approved commercial enterprise throughout the Regional Center shall be not less than \$500,000, if the investment target is located within a TEA or \$1,000,000 if it is located outside of a TEA. No debt arrangement will be acceptable unless it is secured by assets owned by the alien entrepreneur. A full capital investment must be made and placed at risk.

For any alien requesting the reduced threshold of \$500,000 based upon an investment in a Targeted Employment area, the alien must establish at the time of filing of the I-526 petition that either the investment will be made in a TEA designated area or was in a TEA designated area at the time of the alien's initial investment into the enterprise.

EMPLOYMENT CREATION

The econometric model for this regional center is the IMPLAN model. Immigrant investors who file petitions for commercial enterprises located in the Regional Center area must fulfill all of the requirements set forth in 8 CFR 204.6, except that the petitioner need not show that the new commercial enterprises created ten new jobs indirectly as a result of the immigrant investor's investment. This determination has been established by way of USCIS' acceptance of the final economic analysis that is contained as part of the approved Regional Center proposal and its indirect job creation model and multipliers contained within the final approved Regional Center application package. Rather, the investor must show at the time of removal of conditions that they performed the activities described in the model and on which the approved methodology is based.

In addition, where job creation or preservation of existing jobs is claimed based on a multiplier rooted in underlying new "direct jobs", the immigrant investor's individual I-526 petition affiliated with your Regional Center, should include as supporting evidence:

- A comprehensive detailed business plan with supporting financial, marketing and related data and analysis providing a reasonable basis for projecting creation of any new direct jobs for "qualifying employees" to be achieved/realized within two years pursuant to 8 CFR 204.6(j)(4)(B).

An alien investor's I-829 petition to remove the conditions which was based on an I-526 petition approval that involved the creation of new direct jobs or the creation of new indirect jobs based on a multiplier tied to underlying new direct jobs needs to be properly supported by evidence of job creation. To support the full number of direct and indirect new jobs being claimed in connection with removal of conditions, the petition
